

Mendel Centre Seminars

2018

Tuesdays 15:00, room no. A11/305

OCTOBER

02/10/2018 **Jana Majerská**
Joachim Lingner group,
(Swiss Institute for
Experimental Cancer
Research (ISREC), Ecole
Polytechnique Fédérale
de Lausanne (EPFL),
Lausanne, Switzerland
Telomeric chromatin during
oncogenic transformation
Hosted by: Miroslava Fajtová

09/10/2018 **Albert Cairo**
CEITEC MU
Meiotic exit: Lost in translation
Hosted by: Karel Říha

16/10/2018 **Zbyněk Zdráhal**
CEITEC MU
To be announced
Hosted by: Zbyněk Zdráhal

23/10/2018 **Markus Geisler**
Fribourg, Switzerland
Regulation of auxin transport
Hosted by: Tomasz Nodzyński

NOVEMBER

06/11/2018 **Raymond Wightman**
SLCU Cambridge, UK
The role of cell wall
components in stem cell
proliferation
Hosted by: Jan Hejátko

13/11/2018 **Christian Luschnig**
BOKU Vienna, Austria
On post-transcriptional
regulation of Arabidopsis auxin
transport
Hosted by: Héléne Robert Boisivon

20/11/2018 **Jan Zouhar**
CEITEC MENDELU
Plant endomembrane system
in stress responses
Hosted by: Jan Hejátko

27/11/2018 **Michael Chester**
Royal Botanic Gardens,
Kew UK
Chromosomal change in plants
Hosted by: Martin Lysák

DECEMBER

04/12/2018 **Inna Lermontova**
IPK Gatersleben,
Germany/CEITEC,
Masaryk University
A molecular view of plant
centromeres
Hosted by: Martin Lysák

11/12/2018 **Marta Zwiewka**
CEITEC MU
To be announced
Hosted by: Tomasz Nodzyński

18/12/2018 **Michael Wrzaczek**
University of Helsinki,
Finland
Cysteine-rich receptor-like
kinases are an evolutionarily
diverse group of kinases and
regulate ROS production and
signaling
Hosted by: Karel Říha
