

Superresolution Spinning Disc Microscopy: Principles, Advantages, and Limits

Cellular Imaging Core Facility, together with **Olympus Company**, Scientific Solution Division, organizes this workshop, where you will learn about spinning disc confocal microscopy, its principles, and applications.

After the lecture, a practical demonstration of the spinning disc microscope is available on-demand, samples are welcome.

10/03/2020 **A35, room 211**
12:00 - 13:00 Registration, refreshment
13:00 - 14:00 Lecture

10/03/2020 **A2 CELLIM, room 1.14**
15:00 - 17:00 Hands on

11/03/2020 **A2 CELLIM, room 1.14**
9:00 - 11:00 Hands on
13:00 - 15:00 Hands on
15:00 - 17:00 Hands on

Please register here:
