

Workshop for Supervisors

The implementation of Thesis Advisory Committee (TAC) is based on the recommendation of International Scientific Boards of CEITEC and Masaryk University and will provide a comprehensive system of individual quality assessment of PhD candidates. Since the autumn 2019 semester, the concept of Thesis Advisory Committee will be implemented in the frame of CEITEC PhD School (Life Sciences program), however, the long-term vision is to implement TAC also outside the CEITEC PhD School and contribute to improving the Doctoral study at Masaryk University.
